MassDEP will hold two online public stakeholder meetings to share information on upcoming regulatory efforts to address emissions from medium- and heavy-duty (MHD) on-road vehicles. These efforts will accelerate the market for MHD zero emission vehicles and reduce emissions of oxides of nitrogen (NOx) and other criteria pollutants, toxic air contaminants, and greenhouse gases (GHG) from MHD on-road vehicles. The stakeholder meetings will cover:

- Multi-State MHD Zero Emission Vehicle Memorandum of Understanding
- Planned Adoption of California MHD Regulations including:
 - Advanced Clean Trucks
 - One-Time Large Entity Fleets Reporting
 - Heavy-Duty GHG
 - Low NOx Heavy-Duty Omnibus

The same material will be covered at each meeting. Register in advance at the below links. After registering, you will receive a confirmation email containing information about joining the meeting.
